

Product	Components	Key Ingredients	Benefits
Obagi Nu-Derm® Systems	Obagi Nu-Derm Gentle Cleanser (Dry)	Glycerin, Oat Amino Acids, Aloe Gel	Removes impurities from the surface of the skin.
	Obagi Nu-Derm Foaming Gel (Oily)	Herbs, Aloe Vera and natural cleansers	Removes impurities and excess oil from the surface of the skin.
	Obagi Nu-Derm Toner	Sage, Witch Hazel and Aloe Vera	Assists in bringing the skin back to a baseline pH, preparing the skin for active ingredients.
	Obagi Nu-Derm Clear / Obagi Nu-Derm Clear Fx	Hydroquinone 4% (Fx) Arbutin 7%	Gold standard ingredient with penetrating therapeutics that inhibits Tyrosinase and prevents the formation of melanin in the epidermis. (Fx) Skin-brightening cream formulated with Arbutin to enhance the appearance of your skin for a more even looking complexion
	Obagi Nu-Derm Exfoderm Forte (Oily)	Glycolic Acid 4%, Lactic Acid 2.5%	AHA's designed to increase cellular turnover and hydration within the epidermis.
	Obagi Nu-Derm Exfoderm (Dry)	Phytic Acid 3%	As above but formulated for dry skin.
	Obagi Nu-Derm Blender / Obagi Nu-Derm Blend Fx	Hydroquinone 4% (Fx) Arbutin 7%	Gold standard ingredient, clinically proven with penetrating therapeutics; inhibits Tyrosinase and blends with Tretinoin to control the melanin in the dermis. (Fx) Skin-brightening cream formulated with Arbutin and an exfoliant to help clarify and brighten the skin.
	Obagi Hydrate	Hydromanil, Shea, Mango Butter, Avocado, Glycerine	Non-occlusive, non-comodegenic hydrator, reduces water loss and encourages skin health.
	Obagi Sun Shield Matte SPF50	Zinc Oxide 10%, Octinoxate 7.5%, Homosalate 10%, Extract of Red Algae	Essential UVA and UVB protection, particularly when using Hydroquinone.
Tretinoin	Tretinoin (sold separately)	Tretinoin 0.025%, 0.05%, 0.1%	Accelerates healing, repairs and regulates damaged keratinocytes.
Retinol	Retinol (sold separately)	Entrapped Retinol 1.0%	Gradually released, refines the appearance of skin texture and tone for clearer-looking skin with minimal irritation.
Obagi-C® Systems	Obagi-C Cleansing Gel	Vitamin C, Aloe Vera, Chamomile Extract	Removes impurities and excess oil from the surface of the skin.
	Obagi-C Toner (Oily)	Witch Hazel, Aloe Vera	Assists in bringing the skin back to a baseline pH, preparing the skin for active ingredients.
	Obagi-C Rx Clarifying Serum (Dry/Oily) / Obagi-C Fx Clarifying Serum	L-ascorbic Acid 10%, Hydroquinone 4% (Fx) Arbutin 4%	Lightens and brightens by increasing collagen production, reducing skin damage, controlling melanin and strengthening the barrier function. (Fx) Skin-brightening serum formulated to help minimise the appearance of skin ageing.
	Obagi-C Exfoliating Day Lotion (Dry)	Glycolic Acid 4%	AHA's designed to increase cell turnover and hydration within the epidermis for dry skin.
	Obagi-C Rx Therapy Night Cream Obagi-C Fx Therapy Night Cream	Hydroquinone 4% (Fx) Arbutin 7%	Gold standard ingredient with penetrating therapeutics that inhibits Tyrosinase and prevents the formation of melanin in the epidermis. (Fx) Brightens skin while providing continuous overnight coverage with Vitamins C and E.
	Obagi Sun Shield Matte SPF50	Zinc Oxide 10%, Octinoxate 7.5%, Homosalate 10%, Extract of Red Algae	Essential UVA and UVB protection, particularly when using Hydroquinone.
OBAGI360® System	Exfoliating Cleanser	Polylactic Beads (biodegradable), Linked Papain (stabilised papaya acid)	Key exfoliating agents are soft beads that mechanically resurface the skin.
	Retinol	Entrapped Retinol 0.5%, (1.0% sold separately)	Gradually released, refines the appearance of skin texture and tone for clearer-looking skin with minimal irritation.
	HydraFactor SPF30 (Hydrate with sun protection)	Vitamin E, Epurline, Hyaluronic Acid, Avobenzone 1%, Octinoxate 7.5%, Octisalate 5%, Oxybenzone 5%, Hydromanil, Resveratrol	Anti-inflammatory UVA and UVB protection. A natural hydrator derived from tara seed, known to retain water and gradually deliver moisture to the skin with SPF30.
Obagi Professional-C® Portfolio	Serums	L-ascorbic Acid, 10%, 15%, 20%	Powerful antioxidant that neutralises free radicals and brightens skin. Helps to support the role of SPF by encouraging protection of the melanocytes as well as depigmentation.
	Peptide Complex	SNAP-8 Technology, Kinetin, Zeatin, Vitamin C Esta, Soft Focus Technology	Helps improve the appearance of firmness and fine lines and wrinkles with Vitamin C and other important ingredients such as Kinetin and Zeatin – synthetic forms of plant growth factors. Includes Soft Focus and SNAP-8 Technology.
	Suncare SPF30	L-ascorbic Acid 10%, Homosalate 8%, Octisalate 5%, Avobenzone 3%, Oxybenzone 3%, Octocrylene 2.79%, Silicones	Non-comedogenic, broad-spectrum sunscreen that helps protect against harmful UVA and UVB rays while addressing the appearance of skin ageing with 10% L-ascorbic Acid (Vitamin C).
	Microdermabrasion Polish + Mask	30% L-ascorbic Acid, Sea Berry Fruit oil	2-in-1 skin polishing mask uses ultra-fine crystals to gently remove the dulling, outer layers of skin before the mask process to optimise absorption and maximise results.

Product	Components	Key Ingredients	Benefits
Obagi Hydrate® and Hydrate Luxe®	Obagi Hydrate	Hydromanil, Shea, Mango Butter, Avocado and Glycerine	Non-occlusive, non-comodegenic hydrator. A choice of day or evening formulations. Reduces water loss and encourages skin health.
	Obagi Hydrate Luxe	+ Biomemetic Peptides Kollaren and Chronoline	
Obagi ELASTIderm® Eye	Eye Gel	Malonic Acid, Copper, Zinc, Blueberry Extract	Clinically proven to reduce the appearance of fine lines and improve the elasticity and firmness of skin around the eye. Caffeine in the Complex Serum helps address puffiness.
	Eye Cream	+ Vitamin E, Liquorice Root	
	Complete Complex Serum	+ Caffeine	
Obagi CLENZIderm M.D.™	Daily Foaming Cleanser	Salicylic Acid 2%, Menthol	Keeps skin clean and refreshed. Helps reduce sebum levels and follicle blockage. Menthol cools the skin.
